

ASHLEYS
HAIR AND BEAUTY ACADEMY

PROSPECTUS

NAIROBI CITY CAMPUS | BURU BURU CAMPUS | NAKURU CAMPUS | RUAKA CAMPUS

Word from the CEO

Terry Mungai, EBS
C E O

I am delighted to welcome you to Ashleys Hair and Beauty Academy. We were recently awarded and voted the best school of the year 2016. Ashleys Academy commenced training seventeen years ago, with a vision to equip our students with the highest international standards and skill-sets in cosmetology.

We currently have four training academies. Three in Nairobi and one in Nakuru. It is our promise that you will leave Ashleys Hair and Beauty Academy inspired, with real commercial skills, and confdence to explore your passion and creativity.

Career options

Cosmetology offers endless careers options from celebrity hairstyling, hair colorist, esthetician, nail technician, makeup artist, electrologist, Spa therapist, Spa owner, tutor, just but to mention a few.

Benefits of coming to Ashleys Academy

We own and manage thirteen beauty Centers where we guarantee jobs at our outlets to the top four graduates, while offering career services to the other graduates at other Salons, Spas and Beauty Centres.

We are privileged to be the organizers and franchise holders for the Miss World Kenya for the last fourteen years which is a further endorsement in being the top brand in Kenya from the Miss World Organization, London. This affords us the opportunity to expose our students to modeling, runway hair styling and make up. Through the partnership we have with television stations, we expose our students to tv make up and hairstyling. We do organize hair show extravaganzas that require the participation of all our four Academies. This improves students work experience, skills and confdence.

In addition to this, we give our students opportunities to get paid while learning. This prepares them for the commercial world of cosmetology and helps them work harder and earn more. We have the perfect ambiance and the best equipped cosmetology Academies. Our tutors are top notch in the beauty industry each with over ten years of experience.

When you enroll at Ashleys you have a head start above the rest. I personally welcome you to sample the Ashleys experience.
