Sandeep Prajapati (ACCA, Sage, QuickBooks and Tally student)

Vaibhavi Prajapati

“I am an ABE student from Kenya, currently studying in Excel Global College, brought up by an extended family, who have all supported me in my career and lifestyle success.

I chose ABE because it provides a broad range of knowledge under Business Management, which my father being an accountant, gave me an opportunity to understand and have a basic base line in the world of business, finance and management. However my major success came from Excel Global College.

Excel Global College is an institution that lives by the motto “Learning Today, Leading Tomorrow”. The lecturers provided me with the vast knowledge I needed to get the world topper in I.Q.M. The general lectures and the study material as well as the Positive mind set towards the subject provided me with the skills and knowledge to overcome any challenge I faced.

The College staff, namely Mr Karan Gupta (Principal and Director) as well as Mr Joseph (I.Q.M Lecturer) have played the major role in assisting me and providing me with the grit and courage I needed to pass the Paper. I greatly appreciate their assistance as well as their belief in me passing and obtaining a world topper in their college.

There is a phrase that goes by “hard work is the key to success” but I say “hard work with a little bit of fun in your studies leads to great success”.
